

Get to Know Pacific Accelerated Life+ (PAL+)

PAL+ offers one seamless process with choices so you can choose the best possible path for the way you prefer to do business. With our streamlined underwriting, your clients' applications are intelligently routed for the least invasive underwriting method possible with automatic pivoting throughout. For example, if your clients are first considered for accelerated underwriting and they do not qualify, they're automatically considered for modified underwriting where a

physical with full lab work within the past 12 months is required. If your clients don't qualify for the modified underwriting pathway, they're automatically pivoted to traditional underwriting.

Apply how you like or for our best experience, apply for accelerated underwriting using drop ticket with online health history.
