

Symetra's Accelerated Underwriting Program

**Underwriting your
permanent business
at full throttle**

Ease of doing business is a key priority for us, and we know that it is for you and your producers. That's why we're pleased to offer our Accelerated Underwriting Program—now with up to \$3 million in coverage!

What's Symetra's Accelerated Underwriting Program?

Our Accelerated Underwriting Program is designed to offer our clients a Symetra permanent life insurance policy without completing an exam or submitting an APS.

Clients ages 18 to 50 can receive up to \$3 million in coverage, and clients ages 51 to 60 can receive up to \$2 million in coverage, if they receive a Standard rate class or better.

How does it work?

You will only need to submit a completed Part I and Part II application, and Symetra will take care of the rest! **No tele-interview is needed.** We will run an MIB, Rx, Dx and MVR, and if the information yields a Standard rate class or better, an offer will be made.

If cases submitted through this program don't receive a Standard or better offer, we will reach out and attempt to fully underwrite the case.

Do these cases need to be submitted differently?

You should continue to submit business as you normally would, and our underwriters will follow the guidelines detailed above.

What products qualify for the Accelerated Underwriting Program?

Symetra's permanent life insurance products qualify for the program.
